The Assistant

The assistant will help you to analyse a webpage, an image or a video file and suggest which WeVerify tools are useful for each case.

Choose what you want to analyse

- **Webpage link**
  Insert the link of a webpage, and the assistant will suggest the most useful tools for the contents of the given page.

- **Local file**
  The assistant will suggest the most useful tools depending on if the file is a video or image.

Deepfake video appears to show New Zealand PM 'smoking crack'

Taylor Thompson Fuller, AFP New Zealand and Pacific Islands

Published on Thursday 7 October 2021 at 11:38

A video circulating on social media appears to show New Zealand Prime Minister Jacinda Ardern smoking crack cocaine. However, the video is fake and was posted on a YouTube channel that uses artificial intelligence to make deepfakes of Kiwi politicians and celebrities.
