What We Do?

GATHER

Collect
Hardcore
intelligence.

NARRATIVE

Analyze
what impact
& develop
Strategic
Narrative line.

IMPACT

Delivery
of narrative
using our
Multi platform
AoA system
and beyond.

Active intel

Hijacking email and encrypted messaging accounts to collect info

Deceit and defamation

Leaking docs or fabricating scandals to harm a business or political rival

Services offered by Team Jorge

Influence ops

Using 'avatar armies' to spread disinformation

Vote suppression

Disrupting the democratic process and creating a 'stolen election' campaign

Perception hacking

Creating conspiracies with fake blogs and 'news sites'

Profiler

A tool to create a full intelligence profile on targets

Global Bank Scan

Financial intel reports on targets

Hacks

Hijacking Telegram, Gmail and other accounts by intercepting cellular communications

AIMS

A platform to create tens of thousands of avatars and deploying them in disinformation campaigns

Blogger

A system for the mass-creation of fake blogs and 'news sites' to spread content

Residential Proxy

A complex digital array to separate Jorge and his clients from the disinfo campaign
