

The disinformation landscape across Europe

#Disinfo2023

Panorama: Case studies of modern disinformation
Krakow, 11 October 2023

Supported by

**FRIEDRICH NAUMANN
FOUNDATION** For Freedom.

THE PROJECT

- A collection of country factsheets highlighting the disinformation landscape across EU Member States.
- Focusing on the most emblematic disinformation cases, recurrent narratives, community actors, and policy initiatives to grasp the essentials of what disinformation looks like in each country.
- Mobilising the community: 22 authors and 20 reviewers so far.
- Next steps: a comparative study with policy recommendations; completing the remaining country factsheets and updating them ahead of the 2024 EU elections.
